

Decision of the Scientific Research Ethics Committee

no. 3811 of 06.06.2025

The Scientific Research Ethics Committee within the George Emil Palade University of Medicine, Pharmacy, Science, and Technology of Târgu Mureș evaluated from the perspective of observing the ethical norms of scientific research the study proposal entitled

“Complications in skin grafting for burns: Causes and Prevention”

Addressed to the Commission on 30.05.2025 by **Ms. Kostka Bernadett** position Student, at UMFST G.E. Palade Tg. Mureș.

Following the evaluation of the documents submitted, the Committee decides:

b) making the following changes to the proposed study and sending the new proposal back to the Committee:

- there still is no approval from the ethics committee of SCJU Târgu-Mureș. The student should submit the scanned request to the ethics committee of SCJU Târgu-Mureș - once there's the approval, the study may commence. This ethics committee does not need to approve a secondary data analysis already approved by another committee.
