# REGULATION REGARDING THE GRANTING OF SCHOLARSHIPS TO STUDENTS WITHIN G.E. PALADE UMP<sub>h</sub>ST OF TÂRGU MUREȘ

Regulation code: UMFST-REG-47

Edition 14

Drafted by: Nagy Előd, Daniela Ștefănescu, Ioana Matea

Data: September 6, 2025

Verified by: Administrative Board

Data: September 12, 2025

Approved by: Senate

Data: September 18, 2025

Date of enforcement:	September 19, 2025
Date of withdrawal:	

## Chapter I. General Provisions

**Article 1.** This regulation establishes the manner and criteria for granting scholarships to students of George Emil Palade University of Medicine, Pharmacy, Science, and Technology of Târgu Mureș.

### Article 2.

(1) Scholarships are granted to students in state full-time higher education **who are financed from state budget sources** - according to the study results obtained and the financial status of the student's family.

(2) Thus, scholarships granted to G.E. Palade UMFST of Târgu Mureș students are:

- I. achievement scholarships:
  1. scientific performance scholarships
  2. didactic excellence scholarships
  3. didactic achievement scholarships
  4. scholarships for sports performance
- II. merit scholarships;
- III. study scholarships;
- IV. scholarships for didactic master's programs;
- V. scholarships for dual education;
- VI. social scholarships;
- VII. special scholarships.

(3) The state and other stakeholders can financially support students' performance activities, at national and international level.

(4) Economic operators, non-governmental organizations or individuals/legal entities may offer scholarships, on a contractual basis, or other forms of support to students, according to the legal provisions in force.

(5) G.E. Palade UMFST of Târgu Mureș may grant study grants, scholarships and other forms of support to students through institutional projects, non-reimbursable funds or from other legally constituted sources, in accordance with its own methodologies. G.E. Palade UMFST of Târgu Mureș can grant study grants and scholarships to Romanians everywhere and to foreign citizens, according to its own methodologies. The amount of the scholarship is established by decision of the Senate of G.E. Palade UMFST of Târgu Mureș, at the proposal of the Administrative Board.

(6) Students can also benefit from other scholarships, financed from the own revenues of G.E. Palade UMFST of Târgu Mureș and from other legally constituted forms.

(7) Romanian and foreign students can benefit from scholarships, mobilities and other rights, financed from non-reimbursable external financing contracts, won by G.E. Palade UMFST of Târgu Mureș in national and international competitions, in the amount provided by these contracts.

### Article 3.

(1) The funds for granting scholarships from the state budget are distributed to the university by the Ministry of Education.

(2) At least 30% of the total amount of the scholarship funds distributed to G.E. Palade UMFST of Târgu Mureș is allocated for the category of social scholarships.

(3) If the fund for social scholarships grants is not fully used, it shall be redistributed for granting the performance scholarships.

(4) The amounts remained from the student transport facilities, subsidies for dormitories-canteens and amounts for student scholarships not collected in time, may be used in next years for granting scholarships for students, as well as for

other expenses for investment in the infrastructure of dormitories, canteens and for supporting the activities of career counseling and guidance centers.

(5) The University may complete the scholarship fund received from the state budget, for each category of scholarships, with funds from its own revenues.

(6) The standard cost value for the scholarship and social protection fund in RON/ month/ student is the equivalent to 10% of the nationally guaranteed minimum net base salary.

**Article 4.** Categories which are not to be considered as criteria for granting any type of scholarships from state budget funds: age, sex, religion, race, nationality, citizenship, sexual orientation, political affiliation of the candidate or his/her family, membership in legally constituted organisations or with activity in accordance with the European legislation in force, number of years spent in other educational institutions, studies abroad and access to scholarships from other sources.

**Article 5.** The amount of scholarships, regardless of their type, is established by decision of the university senate, at the proposal of the Administrative Board, within the limits of available funds and depending on the needs identified in the student community, in compliance with the provisions of art. 149 para. (26) of the Higher Education Act theirnr. 199/2023, as amended.

**Article 6.**

(1) Scholarships are granted for the duration of academic activities, which means courses, seminars, laboratories, projects, practical activities, exam sessions, according to the schedule of activities, only for full time students enrolled in state-funded positions, up to the age of 35. The granting of scholarships ceases upon the loss of student status or failure to meet the promotion criteria, as applicable, in accordance with the regulations on the organization and functioning of higher education institutions.

(2) Students transferred from other state higher education institutions, other faculties or other study programmes, enrolled in full-time type education, may benefit of scholarships starting with the academic year following the transfer, provided that the scholarship awarding criteria are met.

(3) Students who requested the interruption of studies shall benefit from the scholarship starting from the academic year following the return after the interruption, provided that the scholarship awarding criteria are met.

**Article 7.**

1) The amount for performance scholarships is higher than the merit scholarship. The amount of merit scholarship is higher than the amount of social scholarships.

2) The amount of scholarships for performance is higher than the amount of social scholarships.

3) The amount of the study scholarship granted from the state budget to students enrolled in Bachelor's degree programs for didactic studies with double specialization is equal to the national minimum net salary.

4) The amount of the didactic master's scholarship is equal to the national minimum net salary.

The amount of performance scholarships, sports achievements scholarships, special scholarships and scholarships for dual education is approved by decision of the University Senate, at the proposal of the Administrative Board, following consultation with student representatives, including representative student organisations from G.E. Palade UMFST of Tg.Mures.

**Article 8.**

Within the university, with the approval of the Administrative Board, a University Scholarship Awarding Board is established, composed of 5 members of which 2 students, the Chief Secretary of the university and coordinated by a Vice-rector, Board of Appeals at the university level composed of 5 members with a different composition than the University Scholarship Awarding Board, coordinated by another vice-rector. Within each faculty, a Faculty Scholarship Awarding

Board is established, composed 5 members, the Chief Secretary of the Faculty and 2 students, coordinated by a Vice-dean. Also, with the approval of the Administrative Board the University Medical Board composed of 5 members, the Economic-Financial Board composed of 3 members, the Cultural-Artistic and Extracurricular Activities composed of 3 members and the Athletic Merit Board with 3 members is established.

## Chapter II. Criteria for granting scholarships

**Article 9.** The categories of scholarships granted by UMFST G.E. Palade Tg. Mureș and the specific criteria to award them are set by this Regulation.

### I. Performance Scholarships:

Performance scholarships are granted to students in public higher education enrolled in state-funded places, for full-time university degree programs. Performance scholarships are granted to students who have a very good professional activity and they recorded meritorious achievements in scientific research activity. These scholarships may be granted starting from the second year of study, following recognition of achievements by the higher education institutions, but not beyond the completion of the studies. These are:

1. **scientific performance scholarships** will be granted through Junior Research Academy, in accordance with UMFST-REG-109 Edition 02.
2. **didactic excellence scholarships** - will be granted to students who have finished two consecutive years with the average of final grade is 10.00;
3. **didactic achievement scholarships** - it is awarded to students ranked first in the year/series, when their average is at least 9.75, calculated after the summer exam session;
4. **scholarships for sports performance** are awarded to:
  - (1) Bachelor's degree students who demonstrate outstanding achievements in competitive sports may be granted sports merit scholarships through a competitive selection process. The value of these scholarships for sports performance shall be approved by the University Senate.
  - (2) Students applying for sports merit scholarships shall submit an individual application addressed to the Faculty Scholarship Committee at the beginning of the academic year. The Committee shall set the deadline for submitting applications.
  - (3) Students submitting an application for a sports merit scholarship must support it with documents justifying their personal achievements. The sports achievements must have been accomplished within the five years preceding the date of the application submission.
  - (4) Students applying for a sports merit scholarship must have accumulated 60 ECTS credits in the previous academic year (except for first-year students).
  - (5) The criteria used to establish the ranking of candidates for sports merit scholarships are based on the grid in Annex 02 of this Regulation. The criteria are as follows:
    - Qualification for the Olympic Games;
    - Placing 1st–8th in official world competitions;
    - Placing 1st–6th in official European competitions;
    - Obtaining a national champion title in official senior competitions;
    - Obtaining at least two national champion titles at the junior level;
    - Obtaining at least two 2nd or 3rd places in senior national championships under the auspices of the relevant national sports federations;
    - Being a member of the national team (starter in representative teams), by age category;
    - Being a member of a national center of sports excellence under the Ministry of Education;
    - Being a member of a senior division team in the first national tier.

Supporting documents proving the sports achievements that meet the aforementioned criteria must be submitted.

## II. Merit scholarships

- i. are allocated according to study programmes, study years and teaching lines, directly proportional to the total number of students;
- ii. may be granted to students in the first year, according to the average obtained at the admission exam, by study programmes, in proportion to the number of students at each study programme, at the proposal of the Scholarship Board of each faculty and with the approval of the Scholarship Board of the university;
- iii. will be granted to students from years II-VI which at the end of the summer session of examination has the weighted average over 8.00; if two students with the same weighted average apply for a scholarship, the following selection criteria are taken into account:
  - a. selection criteria I - arithmetic average;
  - b. the selection criteria II - if the arithmetic averages are equal - the marks obtained in the subjects with the most credits from the last academic year are taken into account. If there are several subjects with the same maximum number of credits, the arithmetic average is calculated of the marks from the subjects with the same number of credits.
  - c. the selection criteria III - if the marks or the average of the examinations for the subjects with the most credits are equal, the process from the of selection criteria II is continued in descending order of the number of credits.
- iv. scholarships not allocated to students at the end of the summer session of examination may be granted to students who have passed all the examinations in the subjects of the curriculum of the academic year (compulsory and elective subjects), with a weighted average of over 9.00 and no more than one failed examination at the end of the summer session; if two students with the same weighted average apply for a scholarship, the arithmetic mean is taken into account; if the arithmetic averages are equal, the following selection criteria are taken into account:
  - a. selection criteria I - arithmetic average;
  - b. the selection criteria II - if the arithmetic averages are equal - the marks obtained in the subjects with the most credits from the last academic year are taken into account. If there are several subjects with the same maximum number of credits, the arithmetic average is of the marks from the subjects with the same number of credits.
  - c. the selection criteria III - if the marks or the average of the examinations for the subjects with the most credits are equal, the process from the of selection criteria II is continued in descending order of the number of credits.
- v. the unallocated scholarships for students who have passed all the examinations and students with the average over 9.00 at the end of the summer session, may be awarded to students who have passed all the exams at the subjects of the curriculum of that academic year with a weighted average over 9.50 with two failed examinations at the end of the session summer; if two students with the same weighted average apply for a scholarship, the following selection criteria are taken into account:
  - a. selection criteria I - arithmetic average;
  - b. the selection criteria II - if the arithmetic averages are equal - the marks obtained in the subjects with the most credits from the last academic year are taken into account. If there are several subjects with the same maximum number of credits, the arithmetic average is made of the marks from the subjects with the same number of credits.
  - c. the selection criteria III - if the marks or the average of the examinations for the subjects with the most credits are equal, the process from the of selection criteria II is continued in descending order of the number of credits.
- vi. after the scholarships are granted, according to the criteria in the Regulation and the above-mentioned provisions, if there are undistributed scholarships from full-time students or students with one or two backlogs at the end of the summer session undistributed, these are redistributed according to the same principles, to students in the
- vii.

years/ study lines with eligible students, within each faculty, study programme, the ratio being related to the number of eligible ones.

### **III. Study scholarships:**

(1) The study scholarships are granted to students attending the courses of the didactic bachelor degree programmes with double specialisation in G.E. Palade UMFST of Tg. Mureș.

(2) The study scholarships are granted within the budget allocated for this purpose and in accordance with the own methodology of the G.E. Palade UMFST of Tg. Mureș.

(3) The amount of study scholarship granted from the state budget to students enrolled in bachelor's degree programmes with double specialisation or in teaching master's programs shall be equal to the net minimum wage in the economy.

### **IV. Didactic master's degree scholarships:**

(1) Didactic master degree scholarships are granted to students attending didactic master degree courses in G.E. Palade UMFST of Tg. Mureș.

(2) The amount of the didactic master degree scholarships is equal to the net minimum wage in the economy.

### **V. Dual education scholarships:**

(1) Scholarships for dual education are granted to students enrolled in a study programmes within dual education, organised by G.E. Palade UMFST of Tg. Mureș., who meet the conditions established by the own methodologies of G.E. Palade UMFST of Tg. Mureș.

(2) Economic operators and/ or local authorities may grant scholarships at least at the level of those granted from public funds for higher education, as well as from other funds, for quality learning.

### **VI. Social scholarships:**

(1) Social scholarships have the role to ensure minimum subsistence conditions, facilitating access and retaining, in the education system of G.E. Palade UMFST of Tg. Mureș, students from disadvantaged social-economical environments, disadvantaged families and placement centres, in order to complete the study programmes where they are enrolled in.

(2) Social scholarships are granted from funds from the public budget, based on request, depending of the student's family the social-economical situation, the general criteria established at national level and the specific criteria developed according to the own methodology of G.E. Palade UMFST of Tg. Mureș.

(3) The minimum amount of the social scholarship is proposed annually, until September 1, by the National Commission for Financing Higher Education (CNFIS), and is adopted by order of the Minister of Education and it must cover the minimum expenses for meals and accommodation.

(4) The amount of social scholarships is established by decision of the University Senate, at the proposal of the Administrative Board, within the limits of available funds and depending on the needs identified at the level of the student community, in compliance with the provisions of art. 149 para. (26) of the Law on Higher Education nr. 199/2023, with subsequent amendments.

#### **Social assistance scholarships**

- are granted upon request (see Annex 01 and Annex 03) to students with poor financial/personal situation;
- permanent social assistance or occasional social assistance scholarships.

(5) The social scholarships are granted, based on the provisions of the own methodology established by the university Senate, upon the proposal of the administration board as a result of consultation with the student representatives, including the student organizations in the university.

(6) For granting social scholarships, the internal methodologies of UMFST G.E. Palade Tg. Mureș do not provide other academic criteria except that of promotability.

(7) The social scholarships are cumulated with other types of scholarships established by the specific legislation, if the student meets the specific criteria established in the internal methodologies of UMFST G.E. Palade Tg. Mureș for both scholarship categories.

(8) Social scholarships are granted for the duration of academic activities, which include courses, seminars, laboratories, projects, practical activities, and examination sessions, according to the academic schedule, awarded only to full-time students enrolled in state-funded places, up to the age of 35.

(9) The beneficiaries of social scholarships:

- a. students orphaned by one or both parents, students from single-parent families or students from placement-centres and who not earn income above the threshold for granting the social scholarship; Students in this category have priority in the granting of social scholarship.
- b. students with tuberculosis, recorded in the medical units, during the tuberculostatic treatment, insulin-requiring diabetes, malignant diseases, severe malabsorption syndromes, chronic kidney disease on dialysis, moderate or severe persistent bronchial asthma, grand mal epilepsy, congenital heart diseases, chronic hepatitis with advanced fibrosis (stage F3 or F4), glaucoma, severe myopia, severe forms of autoimmune immunological diseases, rare diseases, autism spectrum disorders, severe haematological diseases requiring continuous treatment or frequent hospitalisations, bilateral deafness, cystic fibrosis, those infected with the HIV virus or sick with AIDS, those with locomotor disabilities and classified as disabled, without taking into account the level of income average per family member;
- c. students whose family did not, in the 12 months before the start of the semester/ academic year, have an net monthly income average per family member higher than the minimum net basic salary of the economy.

(10) The phrase "single-parent family" means the family formed by the single person and the child/ children who live together, aged up to 18 years or up to 26 years for those who follow a form of education – full-time courses, organised according to the law.

(11) By "single person from a single-parent family" is meant a person who is in one of the following situations:

- a. unmarried;
- b. widowed;
- c. divorced;
- d. whose spouse is declared missing/ disappeared by court decision;
- e. whose spouse is in one of the situations provided for in art. 178 lit. c) or d) from Law no. 287/2009 regarding the Civil Code, republished, with subsequent amendments and additions;
- f. whose husband/wife is under preventive arrest for a period longer than 30 days or is serving a custodial sentence and does not participate in the maintenance of the children;
- g. has been appointed guardian or has been entrusted or placed in foster care with one or more children and is in one of the situations provided in letter a) - e).

(12) The term "family" also includes the person/persons who take(s) care of the child during the absence of the parents or guardian, according to Law no. 272/2004 art. 104 on the protection and promotion of children's rights, republished, with subsequent amendments and additions, and who lives/take care together of the children .

(13) If the fund for granting social scholarships is not used entirely, it is redistributed for granting performance scholarships.

(14) The net monthly income average of the student's family is determined until the student reaches the age of 26. When the average of monthly net income per family member is determined, all permanent net incomes of family members,

subject of income tax, are taken into account. Net income is mean the total of the sums received/ gained by the single person, respective by each member of the family, representing the value obtained after applying the tax rate on the taxable income established according to Law no. 227/2015 on the Fiscal Code, with subsequent amendments and additions.

(15) For students between the ages of 26 and 35, the net monthly income average will be calculated taking into account only their personal income and that of the people they take care of, such as children, spouse, etc., in accordance with the legal provisions in force.

(16) In the situation where the staff of the education institution has suspicions regarding the fulfilment of the conditions for granting the social scholarship, the rector reports the situation to the local public authorities, in order to carry out a social investigation. The staff of the educational institution does not carry out social surveys in order to award social grants.

(17) As the case may be, the social scholarship can be granted or withdrawn, as a result of a request to this effect from the public social assistance services and based on a social investigation report.

(18) Occasional social assistance aid:

- a) Students may benefit occasionally, on request, on the basis of supporting documents, from *occasional social assistance aids*, regardless if the student benefits from another scholarship category with the exception of falling under the category of Art. 9 para. (18) letter a) point (i) :
  - i. the occasional social assistance aid for clothing and footwear, which can be awarded to students with one or both deceased parents, students from single-parent families, students from placement centres, and socio-economically disadvantaged students whose family hasn't in the 12 months preceding the application for this type of aid, an monthly net income average per family member greater than 50% of the net national minimum income. This category of aid may be awarded to the same student twice during an academic year;
  - ii. the occasional maternity social allowance granted to a female student or a student whose spouse does not earn any income or earns **under** net national minimum income and consists of a birth grant and a grant and a scholarship for the procurement of the new-born baby's clothing, which is granted only once during the academic year for each born child;
  - iii. the occasional social assistance aid in case of death may be granted for the death of a member of the student's family. **The family member** is: the parent (mother, father), husband, wife, child. In the case of the death of the unmarried student, married to a non-earning spouse, the aid is granted to first-degree relatives/ legal successors only once during the academic year.
- b) G.E. Palade UMFST Tg. Mureș may grant other financial incentives to students at risk, in accordance with own methodologies.
- c) The amount of these scholarships is established by the G.E. Palade UMFST senate at the proposal of the administrative board, but it must be at least equal to the monthly amount of the social grant.
- d) Occasional social assistance aid offered to students that fall under the provisions of Art 9, legislative clause (18) letter a) point i) does not accumulate with performance scholarships (scientific performance scholarships, didactic excellence scholarships, didactic performance scholarships, merit scholarships), study scholarships, sholarships for didactic master's programs, scholarships for dual education, regular social scholarships, special scholarships, or scholarships for sports performance.

## VII. Special scholarships;

(1) Special scholarships can be awarded to students at least one of the following cases, with the simultaneous observance of the criterion regarding promotability:

- a. they obtained special cultural-artistic achievements or for involvement in extracurricular and volunteer activities;
- b. other situations established by UMFST G.E. Palade Tg. Mureș

(2) G.E. Palade UMFST Tg. Mureș will establish, through its own methodologies, minimal criteria for the scholarships provided for in paragraph (1).

(3) Depending on the nature and duration of the performance, special scholarships may be granted for entire academic year or occasionally. If the candidates choose the first option, the documentation must be submitted during the competition for social grants. Special scholarships for a full year can be awarded in the case of proved continuous extracurricular activity, validated by the university's Administrative Board. The minimum criteria for awarding special scholarships are established for the activities or achievements, demonstrated through participation in extracurricular cultural-educational activities with a minimum monthly frequency.

#### **Article 10.**

(1) According to art. 69 para. (4) from Law no. 207/2015 regarding Fiscal Code, with subsequent amendments and additions, the verification of the incomes declared by the applicants is done by the representatives of the G.E. Palade UMFST Tg. Mureș, with the help of the PatrimVen platform or by requesting the central fiscal body, in whose territory the beneficiaries are located, a document attesting of incomes declared by them.

(2) In order to be awarded the social scholarships, students must submit the following supporting documents on the basis of which they are placed in one of the types of scholarships offered:

- a. the application, accompanied by a self-declaration regarding the net income, of a permanent nature, obtained in the last 12 months prior to the application, made by family members, subject to income tax, and the agreement regarding the processing of personal data to verify compliance with the criteria awarding the scholarship;
- b. for situations where are reasonable suspicions, the application evaluation board for granting of the social scholarship may request the student to present the social investigation report, made in compliance with the legal provisions, from which the exact situation of his family emerges. The social investigation is mandatory if no one in the student's family, including him, has any income or at least one of the student's parents works or resides abroad;
- c. copies of the death certificate/certificates of the parent(s), civil status documents/court decision to maintain the state of arrest/social investigation report in the case of the missing parents, if applicable;
- d. certificate from a specialized doctor, other than the family physician, in which the evolution and clinical picture of the medical problem suffered by the student is detailed and which fall under the provisions of art. 09 pct.VI para. (9) lit. b) of the present regulation.

(3) To verify compliance with the criteria for granting the scholarship, as specified in para. (2), the signed consent of the student and family members, as the case may be, regarding the processing of personal data is required to verify compliance with the criteria for granting the scholarship.

#### **Article 11.**

(1) Students can benefit from any type of scholarship for a single short-term university study program, a single undergraduate study program, for a single master's study program, with the exception of scholarships for university study internships and postgraduate programmes provided for in art. 18 of Order No. 6463/ of October 2, 2023

(2) Graduates of a bachelor's degree program or students enrolled in a bachelor's degree program, who also have the status of students enrolled in a double major didactic bachelor's degree program, can benefit for a scholarship.

(3) Graduates of a university master study program or students enrolled in a master study program, who also have the status of students enrolled in a didactic master university study program, can benefit from a scholarship for a didactic master degree.

(4) A student cannot receive two types of scholarships in the same time, from the same category, provided for in art. 2 para. (2) from Order No. 6463/ of October 2, 2023, but has the right to opt for the one with a higher value or which is granted for a longer period.

**Article 12.** If there are any doubts about the medical file submitted by the candidate, the university Medical Board may request from the candidate a specialised medical re-examination in the university centre.

**Article 13.** The documents required to obtain the social scholarship in each category are specified in Annex 03.

### **Chapter III. Final provisions**

#### **Article. 14.**

(1) Information on how to access and grant scholarships shall be published on the website and at the headquarters of the university at the beginning of the academic year.

(2) Notices for the submission of applications and supporting documents in order to obtain scholarships are published on the website and on the university/faculty board at least 15 working days before the deadline for their submission.

(3) The scholarship boards established within the university / each faculty shall analyse the submitted applications as well as the statistical statements drawn up at the deans' offices and shall approve the nominal lists of the students receiving scholarships.

(4) Upon publication of the results, students may appeal within 2 working days at the University Registry. Appeals will be settled by the Appeal Commission within a maximum of 7 days. The results as well as the final lists with the students receiving scholarships shall be published on the university website, after which these data are also sent to the Social, Canteen and Accommodation Service.

**Article 15.** If there are suspicions of falsification of the documents submitted for obtaining social aid, the university shall notify the competent investigation bodies and the student shall be sanctioned, depending on the act gravity.

*The Senate of the George Emil Palade University of Medicine, Pharmacy, Science, and Technology of Targu Mures approved this regulation on September 18, 2025 and it comes into force on September 19, 2025.*
